

**Start date:** Monday 15 November 2021

**Completion:** Friday 3 December 2021 (weather dependant)

**Scheme type** – Resurfacing the road through Wilby

**Traffic management:**  
**15 November to 3 December –**  
**Full road closure**

**Hours of work** – 09.30 – 15.30 closure. Road reopens after works. We may work weekends 08.00 – 17.00 if the scheme requires additional hours

**What we are doing/the benefits** – Northamptonshire Highways will soon start resurfacing works on the A4500 Main Road, Wilby including Doddington Road, Church Lane, Wilby Park Road entrance and Brook Vale.

Works include: Removing the existing carriageway (between the roundabout and 30 signs at Wilby), including junction of Doddington Road and resurfacing along with removing and replacing some kerbs and road studs.

Northamptonshire Highways only close roads when it is absolutely necessary to keep our workforce and road users safe. When we close a road and put a diversion in place we must provide a diversion on a similar standard of road. The diversion route, which will be clearly signed, is chosen to follow roads of a suitable standard and width to carry all traffic. We ask motorists to use this official route so as not to increase the impact on local communities. The diversion can also be viewed on [one.network](#)

### **Information for residents**

Please allow extra time for your journey as there may be some delays, dependent on where we are with our works. If you have any concerns or need access, please speak to a member of our team at the closure points during working hours and/or contact the Site Manager for any specific requirements.

### **Access/egress:**

Our team will work with you regarding access. There will be vehicle hold points on the approaches to the works. Once it is safe to access the site, one of our team will escort you through the works. This will be for access only purposes to residents and businesses and there will be no through route for other motorists.

If you require egress from your property and you are outside the working area, please exit slowly and carefully with your hazard warning lights on. Our team will be stationed at closure points to assist. Depending on current works being undertaken you may be asked to follow the diversion in a particular direction.

If you require access/egress to a property directly within the working area, please speak to a member of the site team for assistance. This applies during the temporary traffic light and road closure traffic management.

## Main Road, Wilby - Resurfacing

Driveways that form part of the proposed footway construction may be blocked at times and vehicle access/egress will not be possible

We will keep you informed and will make every effort to plan access arrangements. Please contact the site manager if you have any specific requirements.

We have a large forward programme of works which can be viewed at [kierwsp.co.uk/news](http://kierwsp.co.uk/news) and are working to keep on programme with highway works to improve communities and repair roads. Our priority is to keep the highway network open and safe.

**Buses:** The X4 service will be affected. Please contact Stagecoach Midlands for details.

**Stagecoach Midlands head office from 08:30 to 17:00, Monday to Friday.**

**Twitter:** @StagecoachMids

**Email:** [midlands.enquiries@stagecoachbus.com](mailto:midlands.enquiries@stagecoachbus.com)

**Pedestrians:** Pedestrian access will be maintained and pedestrian marshals, identified by their green hats, will be on site to help.

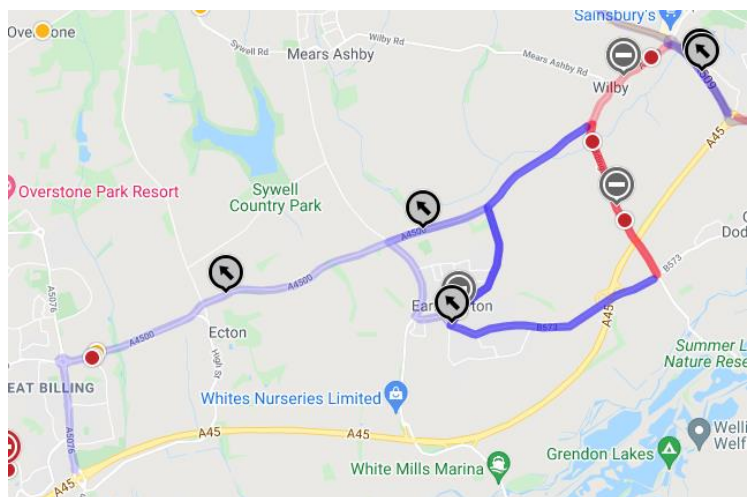

**Cyclists:** Cyclists will be asked to dismount and use the footways or follow the diversion route.

### Traffic management

When programming works, we consider the impact on all network users and plan our works to minimise disruption as much as possible.

The section highlighted on the map in **red** will be closed to ensure the safety of the public and our workforce.

During the road closure a diversion route, shown in **blue**, will be in place at all times. The red line shows the works extents and the blue line is the diversion.

### **Our commitment to you**

Northamptonshire Highways is committed to the consistent improvement of the places and spaces in Northamptonshire and to working closely with local communities, residents and businesses to build a better County. We promise to

- Keep the public informed of our programme and any changes
- Minimise disruption
- Co-ordinate with other road works

### **Contacting us**

To ensure we deal with all enquiries and defect reports correctly, please use our online public reporting service, Street Doctor. This process ensures issues are recorded and dealt with appropriately. Once reported you will be issued with a unique reference number and be able to follow the progress of your enquiry.
